  - 7. Respondent waives any right to a hearing in this matter.

8. This Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

#### SCHEDULE FOR COMPLIANCE

- 9. Respondent shall comply with the following:
- 9.1.1. Respondent shipped under manifest all remaining unlawfully accepted waste noted in paragraph 3.1 to Noranda and Xstrata (formerly Noranda), and has also returned to compliance on violations in paragraphs 3.3., and 3.6., 3.9., 3.10., and 3.11.
- 9.1.2. Respondent shall ensure that hazardous wastes accepted, stored and treated are authorized in accordance with the terms and conditions of its Hazardous Waste Facility Permit. Respondent shall also maintain and complete the records listed in this Schedule for Compliance at the facility in accordance with this Order, update them as needed, and make these records available to local, state, and federal officials upon request.
  - 9.1.3. Respondent certifies that it returned to compliance when Respondent:
- a) Ceased any unauthorized treatment of hazardous waste noted in paragraph 3.2;
- b) Stated on July 23, 2007 and July 23, 2008 that it accurately and fully completed the inspection logs noted in paragraph 3.4; and
- c) Presently accurately and fully completes the operating records noted in paragraph 3.8 as a standard operating practice.
- 9.1.4. On October 28, 2008, Respondent submitted a revised Personnel Training Plan and Inspection Schedule as required follow-up to paragraphs 3.5 and 3.7. The Department has reviewed and responded to the submittal in a letter sent to the Respondent on March 13, 2009. Respondent shall revise both documents as specified in that letter, and submit them to the Department for review and approval within 45 days from the Effective Date of this Order.

9.1.5. Within 90 days after the Department's review and acceptance of the revised training plan required in 9.1.4., Respondent shall submit documentation that the training courses identified in the revised training plan have been completed by the owner/operator and employee(s). Training documentation shall include the name(s) of company or person who provided the training.

- 9.1.6. Within 15 days after the Department's review and acceptance of the revised Inspection schedule, Respondent shall conduct inspections based on the revised inspection schedule.
- 9.2. <u>Submittals</u>: All submittals from Respondent pursuant to this Order shall be sent to:

Ms. Luz Castillo
Senior Hazardous Substances Scientist
State Oversight and Emergency Response Branch
Department of Toxic Substances Control
700 Heinz Avenue
Berkeley, California 94710

- 9.3. <u>Communications</u>: All approvals and decisions of the Department made regarding such submittals and notifications shall be communicated to Respondent in writing by a Performance Manager, Department of Toxic Substances Control, or his/her designee. No informal advice, guidance, suggestions, or comments by the Department regarding reports, plans, specifications, schedules, or any other writings by Respondent shall be construed to relieve Respondent of its obligation to obtain such formal approvals as may be required.
- 9.4. Department Review and Approval: If the Department determines that any report, plan, schedule, or other document submitted for approval pursuant to this Order fails to comply with the Order or fails to protect public health or safety or the environment, the Department may return the document to Respondent with recommended changes and a date by which Respondent must submit to the Department a revised document incorporating the recommended changes.

- 9.5. <u>Compliance with Applicable Laws</u>: Respondent shall carry out this Order in compliance with all local, State, and federal requirements, including but not limited to requirements to obtain permits and to assure worker safety.
- 9.6. Endangerment during Implementation: In the event that the Department determines that any circumstances or activity (whether or not pursued in compliance with this Order) are creating an imminent or substantial endangerment to the health or welfare of people on the site or in the surrounding area or to the environment, the Department may order Respondent to stop further implementation for such period of time as needed to abate the endangerment. Any deadline in this Order directly affected by a Stop Work Order under this section shall be extended for the term of such Stop Work Order.
- 9.7. <u>Liability</u>: Nothing in this Order shall constitute or be construed as a satisfaction or release from liability for any conditions or claims arising as a result of past, current, or future operations of Respondent, except as provided in this Order. Notwithstanding compliance with the terms of this Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.
- 9.8. <u>Site Access</u>: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Nothing in this Order is intended to limit in any way the right of entry or inspection that any agency may otherwise have by operation of any law. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Order; and conducting such tests as the Department may deem necessary. Respondent shall permit such persons to inspect and copy all records, documents, and other writings, including all

sampling and monitoring data, in any way pertaining to work undertaken pursuant to this Order.

- 9.9. Sampling, Data, and Document Availability: Respondent shall permit the Department and its authorized representatives to inspect and copy all sampling, testing, monitoring, and other data generated by Respondent or on Respondent's behalf in any way pertaining to work undertaken pursuant to this Order. Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Order. All such data, reports, and other documents shall be preserved by Respondent for a minimum of six years after the conclusion of all activities under this Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to the Department, or permit the Department to copy the documents prior to destruction. Respondent shall notify the Department in writing at least six months prior to destroying any documents prepared pursuant to this Order.
- 9.10. Government Liabilities: The State of California shall not be liable for injuries or damages to persons or property resulting from acts or omissions by Respondent or related parties specified in paragraph 12.3, in carrying out activities pursuant to this Order, nor shall the State of California be held as a party to any contract entered into by Respondent or its agents in carrying out activities pursuant to this Order.
- 9.11. <u>Incorporation of Plans and Reports</u>: All plans, schedules, and reports that require Department approval and are submitted by Respondent pursuant to this Order are incorporated in this Order upon approval by the Department.
- 9.12. <u>Extension Requests</u>: If Respondent is unable to perform any activity or submit any document within the time required under this Order, the Respondent

 may, prior to expiration of the time, request an extension of time in writing. The extension request shall include a justification for the delay.

9.13. <u>Extension Approvals</u>: If the Department determines that good cause exists for an extension, it will grant the request and specify in writing a new compliance schedule.
